Fruit & Nut Trees,
Berries, Vines,
Woody Ornamentals
& Evergreens

Concentrate

FOR ORGANIC PRODUCTION

ORGANIC DORMANT OIL

Contains No Paraffinic Crude or Petroleum Distillates

One Quart / 32 Fl Oz

All-natural & Bio-degradable

Active Ingredients: Certified Organic Soybean Oil 50%, Pure Rosemary Oil 1%

Inert Ingredients: Food Grade Oleic Acid, Carbonic Acid, Monopotassium Salt, Broccoli Juice 34.5%, Water 14.5%

For Best Results: SPRAY AT DUSK. This lengthens drying time and treatment. Thoroughly water plants in the A.M. At dusk, spray a fine even mist on the stems, leaves, vines and branches. When spraying fruit or ornamental trees, please remember the trunk. Please test on seedlings and ornamentals before full application. Please do not over spray, do not spray to drip. There should not be a soapy residue on the leaves. **For Regular Maintenance:** Mix 8 parts water to 1 part concentrate spraying every 7-10 days. **Infestations:** Mix 4 parts water to 1 part concentrate and spray weekly until pest pressure is eliminated. **For Scale:** Remove affected leaves first, then spray an even mist on well-watered plants. Applications during mid-day or high temperatures may cause leaf burn or leaf fall, neither of which should harm the plant. Do not apply when freezing temperatures are expected, within 24 hours or before rain, as plant damage may occur. Do not spray fruit buds directly. Pharm Solutions products are safe, bio-degradable, and will not harm beneficials should they land on treated plants. Do not use within 30 days of a sulfur application. Avoid wood siding.

Not for use on: Beech, Japanese Holly, Redbud, Savin Junipers, Photinia, Spruces and Douglas Fir. If in doubt, please test for sensitivity.

Controls: Powdery Mildew, Scale, Pear Psylla, Mites, Aphids, Whiteflies, Mealybugs, Lace Bugs, Leafhoppers, Eggs, Larvae, some Caterpillars, Thrips and overwintering insects.

Patent Pending

Your pure and natural answer to Garden Pests. Designed with your family and the environment in mind, all ingredients are pure or natural & 100% certified organic oils. Use freely until harvest.

100% PURE

Organic Oils smother pests & larvae & prevent fungal spores from traveling. We no longer need to spray petroleum products on our orchards, vineyards, gardens & woody ornamentals. For use in Summer or Winter.
